**COMMENTS**

The Public Representative has reviewed Modification One, the financial data, as well as the original Contract. Based upon that review, the Public Representative concludes that the Contract will continue to generate sufficient revenue to cover costs and thereby satisfies the requirements of 39 U.S.C. § 3633(a).

*Sufficient Revenue Requirement.* Pursuant to 39 U.S.C. § 3633(a), the Postal Service's competitive prices must not result in the subsidization of competitive products by market dominant products; ensure that each competitive product will cover its attributable costs; and, ensure that all competitive products collectively contribute an appropriate share of the institutional costs of the Postal Service. Based upon a review of the financial data, it appears that the Contract will continue to generate sufficient revenue to cover costs over the duration of the Contract.

The Public Representative respectfully submits the foregoing comments for the Commission's consideration.
